Pleasure during a break

Summary

A plotless drabble from Sailor Moon SuperS, the movie. The fairies' trio have pleasure while taking a break.

- A translation of [Plaisir pendant une pause](#) by [MiaQc](#)

I am Poupelin. I look at Banane and Orangeat. We have worked hard to bring children to Queen Badiane's castle. We deserve a break. The other fairies agree with me, but what to do to pass the time? What a foolish question. I undress and ask Banane and Orangeat to do the same.

"Why?" Orangeat asks me, his eyes round with curiosity.

"To please one another!" I replied.

"I don't understand." Says Banane.

"Strip down, I'll show you."

My friends undress and I go to rub my flesh against theirs. They like the feeling it gives. Soon, our hands touch each other's bodies. Our stingers rub against each other. We moan. We orgasm. We ejaculate.

"Ahhhh, this is wonderful!" Exclaims Banane, whose face is flushed with pleasure.

"We need to do this more often." Orangeat adds.

I smile.

"Of course, my friends." I tell them. "Now, let's get back to work or our queen might get angry."

We get dressed and we leave to look for children.
